

## Choose tap song lyrics

We all need water every day  
When we're at home or when we're out to play  
Take a bottle fill it up  
Or even use a cup  
It helps you teeth, your heart and your mind  
When you choose tap you will find  
You'll be so happy that your toes will tap  
When you [CLAP CLAP CLAP] choose tap  
When you [CLAP CLAP CLAP] choose tap
