3. Cover your pool
4. Put a trigger nozzle on your hose
5. Use a broom to sweep up garden debris instead of a hose
6. Mulch, mulch and more mulch
7. Let the sky do the work (don't spray if rain's on its way)
8. Install a rainwater tank
9. Love a longer lawn

WHY

SUMMER WATER SAVING MAKES SENSE

Give yourself a pat on the back, because when you summer water save:

- you'll also save money by using less water
- your garden will thank you - watering during the day is inefficient, the water evaporates before the plants have a chance to benefit
- you're doing your bit for the environment.
